

Pension file--L

Mrs Flora Leonardy

March 19, 1910

St Augustine, Florida

Dear Madam:-

I am directed by the Board of Pensions to say that the affidavits last submitted by you will not satisfy the Board of Pensions . It appears that the affidavit of Mr Leonardy is based upon the recollections of a ten year old boy and without intending to impugn the honesty of the affiant , the Board would prefer the affidavit of some person whose age at that time would naturally be associated with clearer recollections than a boy of that age.

Yours very truly,

Secretary
